

# Week 8 Practical: Cost Management

24 – 30 April 2026 | Total Marks: 8

Student Name: Aiden Horn Student No: 20240429

## Task 1: Create Azure Budget Alerts

The screenshot shows the 'Billing scopes' page in the Azure portal. The left sidebar contains navigation links for 'Create a resource', 'Home', 'Dashboard', 'All services', and 'FAVORITES'. The main content area displays a table of billing scopes. A single scope is listed for 'Aiden Horn' with a status of 'Active'.

| Billing scope | Billing scope type | Billing account | Billing account type       | My Role               | Status |
|---------------|--------------------|-----------------|----------------------------|-----------------------|--------|
| Aiden Horn    | Billing account    | Aiden Horn      | Microsoft Customer Agre... | Billing account owner | Active |

Below the table, there is a section for 'Cost Management: Aiden Horn | Budgets'. It includes a search bar, a 'Scope' dropdown set to 'Aiden Horn', and a table with columns: Name, Scope, Reset period, Creation date, Expiration date, Budget, Forecasted, and E. The table is currently empty, displaying the message 'You do not have any budgets.'
